

CLUB RESONANCE ONE TIME FUNDING FOLLOW UP

We were awarded \$1,500 for our trip to NAMM (National Association of Musical Merchants) in Anaheim, CA. We used these funds for travel and lodging expenses.

At the conference, students were able to explore the resources there anywhere they saw fit. There were many panels by industry titans talking about ground-breaking technologies and how to use them. Students also had the opportunity to talk one-on-one with industry people about career advice.

The conference also sported a massive show floor. Although the largest vendors, such as Fender and Gibson, were not present this year, so the smaller companies dominated the show floor. There was no shortage of instruments to try, and pop-up seminars and demonstrations were commonplace.
